ASSEMBLY

THE CONSTITUTION OF THE MORTON STUDENT GOVERNMENT ASSOCIATION

PREAMBLE

We, the students of the J. Sterling Morton High School, realizing the true value of student government and its relation to the school; believing that a greater interest will be taken in the school and its welfare through a plan of student participation in school government; convinced that it prepares us for an active membership in democracy; and knowing that there exists an urgent need in J. Sterling Morton High School for a system of student participation in government; do ordain and establish this Constitution as a practical and effective plan of student participation government.

Article I

This organization shall be known as the "Morton Student Government Association".

Article II

The purpose of the M. S. G. A. is to promote better school citizenship, better social relationships between the members of the classes, to assist in carrying out class elections, assembly programs, and all other student activities conducted especially for the promotion of order and efficiency in the movements of all students throughout the building at all times, and for the well-being of the school and the student body.

Article III

Section 1. Every duly enrolled student of J. Sterling Morton High School shall be a member of this Association.

Section 2. It shall be the duty of the members of this Association to elect, by a majority vote, one representative from their respective English classes on the second Monday of each semester.

Section 3. The right of petition shall not be denied to the members of this Association.

Section 4. Each English class shall have the power, by a two-thirds vote, to recall its representative.

Section 5. Any vacancy created in the representation of an English class by the election of its representative to the Board of Directors in accordance with Article IV, section 5, or for any other reason, shall be filled immediately by the English class thus losing its representative in the manner prescribed in section 2 of this article.

Article IV

Section 1. The representative duly elected in accordance with the provisions of Article III, section 2, shall constitute the membership of a body to be known as the "Assembly".

Section 2. The Assembly and the Board of Directors shall meet in a joint session at least twice a month on Monday of the first and third weeks.

Section 3. The members of the Assembly shall transmit to their respective English classes all news of importance pertaining to the school and to the student body.

Section 4. The Assembly shall have the right to recommend policies and laws by resolutions adopted in a regular meeting of the Assembly.

Section 5. The members of the Assembly shall elect, by the Hare system of preferential voting, six seniors, six juniors, four sophomors, and four freshmen from the membership of the Association, including the members of the Assembly.

Section 6. The assembly shall have the power, by a two-thirds vote, to recall from office a person elected to the Board of Directors in accordance with section 5 of this Article.

Article V

Section 1. The persons selected in accordance with Article IV, section 5, together with the four class presidents shall constitute a governmental body to be known as the Board of Directors.

Section 2. The tenure of office of the Board of Directors shall be one year, beginning in September, 1933.

Section 3. The Board of Directors shall elect four officers: a chairman, who shall be a senior; a vice-chairman, who shall be a junior; a secretary; and an assistant secretary, who shall be a sophomore. The four class presidents shall be ineligible to hold any of the aforementioned offices.

Section 4. The officers elected as prescribed in section 3 of this Article shall preside over all meetings of the Assembly and Board of Directors.

Section 5. The officers shall have the usual powers of their respective offices, except the chairman who, in his dual capacity, may exercise the power

of appointment only with the express consent of the Board of Directors.

Section 6. The Board of Directors, upon taking office, shall elect, by the Hare system of preferential voting, three members of the faculty of J. Sterling Morton High Schools to advise and to assist the M. S. G. A. in carrying out its functions.

Article VI

Section 1. The three individuals selected in accordance with Article V, section 6, shall be known as the Faculty Committee.

Section 2. The Faculty Committee, in all problems pertaining, either directly or indirectly, to educational and administrative policies and functions, shall render their advisory opinion in writing. Pending tender of the aforesaid opinion to the Board of Directors, the course of action contemplated or under consideration by the Board of Directors shall be held in abeyance.

Article VII

Unless otherwise specified by the Constitution and by-laws of this Association, all meetings of the Board of Directors and the Assembly shall be conducted in the manner prescribed by Roberts' Rules of Order.

Article VIII

The by-laws, rules of conduct, and laws of this Association shall be formulated and adopted by the Board of Directors.

Article IX

The power of enforcing the Constitution, the by-laws, the rules of conduct, and laws of this Association shall be vested in the Board of Directors,

and such agents, general and special, that the Board of Directors may select, elect, or appoint.

Article X

Section 1. The judicial power of this Association shall be vested in a Court of Justice, composed of three members of this Association and two members of the faculty of the J. Sterling Morton High School.

Section 2. The members of the Court of Justice shall be elected by the Board of Directors by means of the Hare system of preferential voting.

Section 3. Members of the Board of Directors and the Faculty Committee shall be ineligible for membership in the Court of Justice.

Section 4. The members of the Court of Justice shall serve for one year, beginning a full term in September, 1933.

Article XI

Section 1. The Constitution of this Association shall be amended only by a two-thirds vote of both the Assembly and the Board of Directors.

Section 2. All proposed amendments shall be submitted in writing.

Section 3. All proposed amendments shall receive a reading at two different, regular meetings of the Board of Directors and the Assembly before a vote shall be taken thereon.

Article XII

This constitution shall be in effect and operative when it has been ratified by the Student and Faculty Constitutional Committee, by the Superintendent of the J. Sterling Morton High School, and by a majority vote of the student body.

MORTON JUNIOR SAFETY COUNCIL

Morton is proud of its shops and of their fine record. To date no major casualties have occurred among shop workers, and due to the vigilance of Director Fultz and his corps of instructors minor accidents are rare.

This year saw the shop students themselves evince a keen interest in a safety program. Result—a real safety council patterned after and closely resembling the safety organizations of large industrial plants.

Mr. E. J. Smith, director of the Western Electric Safety Council, cooperated with representatives of shop classes in inaugurating the Morton Safety plan.

Student initiative is responsible for the plan's inception and universal adoption. Safe guards are provided for all machines. Training in the proper use of those machines has done the rest.

Today Morton produces not only well trained tradesmen but safety conscious boys whose aim it is to protect themselves and others from trade hazards.

Morton honors the spirit and foresight of the students and vocational men who have created the Junior Safety Council.
